## VINEYARD SELECTION

### MALBEC 2020

VARIETY	100% Malbec
APPELLATION	Mendoza   Valle De Uco   Los Árboles, Tunuyán
ALTITUDE	1,250 m   4,100 ft asl
ANALYSIS	Alcohol 14.0   Total Acidity: 5.15 g/l
FERMENTATION	100 % fermented with indigenous yeasts

#### HARVEST

Hand-harvested in 12 kg bins, in stages within the same lots. Always during the early hours of the morning to ensure that the grapes reach the winery at a low temperature. Bunches that do not meet the quality and health requirements are discarded directly while harvesting.

#### VINIFICATION

We use different fermentation techniques, using both traditional concrete tanks and smaller tanks for micro-fermentations. After fermentation, the best lots are chosen to produce the final blend. The wine is transferred to used French oak barrels for malolactic fermentation and ageing for 10-12 months.

*Our Reserva Malbec is a lush, balanced wine of great freshness and aromatic complexity.*
